FORM 16

POSTAL TELEGRAPH-CABLE COMPANY.

This Company transmits and delivers the within message subject to the following

TERMS AND CONDITIONS.

To guard against mistakes or delays, the sender of a message is requested to order it REPEATED, that is, telegraphed back to the office of destination for comparison. For this service one-half the unrepeated rate is charged in addition. It is agreed between the sender of the within message and this Company as follows: This Company is not liable for mistakes or delays in the transmission or delivery of unrepeated messages, whether arising from the negligence of its servants or otherwise, beyond the amount paid thereon; nor in any case for delays arising from interruptions of the working of its lines, or for errors in cipher or obscure or illegible messages. And this Company is hereby made the agent of the sender, without liability, to forward any message over the lines of any other Company when necessary to reach its destination.

To guard against errors or delays in the transmission of money by telegraph, this Company can be insured by special agreement, at the rate of one per cent. for any distance not exceeding 500 miles, and two per cent. for any greater distance, in addition to the usual charge for repeated messages, viz: one per cent. for distances not exceeding 500 miles, and two per cent. for any greater distance.

No responsibility regarding messages attaches to this Company until the message is presented and accepted at one of its regular offices, and in case of interruption of its wires, messages may be sent by other lines; and this Company in so doing, acts for that purpose as the agent of the sender.

Messages will be delivered free within the established free delivery limits of the several cities and towns where this Company has offices; at a greater distance a special charge will be made to cover the cost of such delivery.

This Company will not be responsible for mistakes or delays in the transmission or delivery of, or for the non-delivery of, any message beyond the sum of fifty times the amount paid for sending the same, unless specially insured as above provided, nor for mistakes or delays in the transmission or delivery of, or for the non-delivery of, any repeated message beyond the sum of fifty times the amount paid for sending the original message, unless specially insured as above provided, nor for delays arising from interruptions of the working of its lines, or for errors in cipher or obscure or illegible messages.

This is an UNREPEATED Message, and is delivered by request of the sender, under the conditions named above. Errors can be guarded against only by repeating a message back to the sending station for comparison.

No employee of this Company is authorized to vary the foregoing.

My good friend your favor of the 8th inst. duly rec'd. Your letter of 25th ult. duly rec'd and replying will say that it becomes necessary to charge Buyers for each of our bidders as numerous orders have and have a constable in attendance to arrest the bidder paying more than bidding price for gold coins. Could only appoint for lodging a Justice's bond. Should not like the publicity if he should by requiring him to call on you to plead the case. Let us just consider it a deal for you will pay the bill amount to two hundred dollars and should it take you the two months a longer time to decide in a Circuit Court of California. Please request to explain the most reasonable and reliable time you had better say, if you had a power of doubt to recommend it would give you the benefit this. Your favor as late as possible
